PERMIT

TOWN OF VOLUNTOWN INLAND WETLANDS AND WATERCOURSES COMMISSION

ISSUE DATE OF PERMIT: 1/3/20; PERMIT NUMBER: IW 19-13

Applicant: **Town of Voluntown/ Mr. Keith Stoll**

Location of Regulated Activity: **182 Congdon Rd. Voluntown.**

This permit has been granted by the Voluntown Inland Wetlands and Watercourses Commission based on your application, or such final revisions, if applicable, to allow you to conduct Regulated Activities in the Town of Voluntown.

This Permit is valid for 5 years from the Permit Date.

The Voluntown Inland Wetlands and Watercourses Commission has considered your application with due regard for their regulations and has found that the proposed work as specified and **subject to the conditions below**, conforms to said regulations. This authorization constitutes the permit required by Section 22a-42 of the Connecticut General Statutes, as amended.

This Permit authorizes the following activity(s) for the purpose(s) stated in your application:

Construction of drainage improvements with associated grading as shown on approved plan.

This permit is subject to and does not derogate any rights or powers of the Town of Voluntown. It conveys no property rights or exclusive privileges, and is subject to all public and private rights and all applicable federal, state and local laws. Further, if the authorized activity also involves activity or a project that requires zoning or subdivision approval, special permit, variance or special exception, no work pursuant to this wetlands permit may begin until such approval(s) are obtained.

A copy of this permit will be referred to the Voluntown Planning and Zoning Commission

This Permit is issued subject to the following conditions and modifications:

STANDARD CONDITIONS

1. **The Wetlands Agent shall be immediately notified upon commencement of work and upon its completion.** If the authorized activity is not completed on or before the Permit expiration date stated above, all activity shall cease and, if not revoked or specifically renewed or extended by the Commission, or its agent, this Permit shall become null and void.
2. All work and all regulated activity conducted pursuant to this authorization shall be consistent with the terms and conditions of this Permit. Any structures, evacuation, fill, obstructions, encroachments, or regulated activities not specifically identified and authorized herein shall constitute a violation of the permit and may result in its modification, suspension or revocation.
3. This authorization is not transferable or assignable without written consent of the Voluntown Inland Wetlands and Watercourses Commission.
4. In evaluating this application, the Commission relied on information provided by the applicant. If such information is subsequently proven to be false, incomplete, or misleading this permit may be modified, suspended, or revoked and the permittee may be subject to any remedies or penalties provided by law.
5. The permittee shall employ the best management practices consistent with the terms and conditions of this permit, to control storm water discharges and to prevent erosion and sedimentation and to otherwise prevent pollution of the wetlands or watercourses. The permittee shall immediately inform the Commission of any problems involving wetlands or watercourses that have developed in the course of or that are caused by the authorized work. No equipment or material including without limitation, fill, construction materials, or debris, shall be deposited, placed, or stored in any wetland or watercourse or regulated area on or off site unless specifically authorized by this Permit.
6. In conducting and maintaining any activities authorized herein, the permittee may not cause pollution, impairment, alteration, or destruction of any inland wetlands or watercourses in the Town of Voluntown.
7. The permittee shall maintain sediment and erosion controls at the site, which will be established at the start of the activity, in such operable condition as to prevent the pollution of wetlands and watercourses. Said controls are to be inspected by the permittee for deficiencies at least once per week and immediately after any rainfall. The permittee shall correct any such deficiencies within 24 hours of said deficiencies being found. The permittee

shall maintain such control measures until all areas of disturbed soils at the site are stabilized.

8. **SPECIAL CONDITIONS AND TERMS:**

By Chairman, Voluntown Inland Wetlands and Watercourses Commission

Thomas Sweet _____

or, as authorized by the Commission

By Wetlands Agent for the Town of Voluntown

Joseph Theroux *Joseph R. Theroux*
